CAREER OBJECTIVE

- Second-year ECE student with strong interest in IT, software development, and problem-solving.
- Solid foundation in programming fundamentals and core engineering concepts.
- Actively involved in technical learning and projects, focusing on hands-on practice and real-world applications.
- Practical exposure to coding, basic application development, and problem-solving techniques.
- Highly motivated to build efficient, scalable, and user-friendly solutions.
- Effective team collaboration, communication, and quick-learning skills.

SKILLS

- Programming & IT: Basic knowledge of C, Java and Python with focus on problem-solving and logic building
- Web & Software: Familiar with basic web development concepts and currently exploring application development
- Analog & Digital Circuits: Circuit design, PCB basics
- Tools & Software: MATLAB, Arduino IDE, Tinkercad
- Programming Languages: C, Python, Java, HTML, CSS (Basics)
- Core Skills: Problem-solving, teamwork, project execution, innovation, debugging

LEARNED OBJECTIVES FROM PROJECTS

- Worked on a project of Wall Cleaning Robot
- Used sensors like Raspberry Pi, Arduino, IoT etc.
- Learned how to connect and use multiple sensors together
- Got basic idea of data logging and alert systems
- Improved understanding of circuits and small project building
- Understood how IoT can be useful in daily life problems

EDUCATION

- B.E. Electronics and Communication Engineering - Sona College of Engineering, Salem | CGPA: 8.75 (2024-2028)
- HSC - St. Mary's Girls Higher Secondary School, Salem | 86.1% (2024)
- SSC - L.E.F Eden Garden Matriculation School, Salem | 94.6% (2022)
